

PETER PREVC

Peter Prevc is the best Slovenian ski jumper. He was born on the 20. September 1992, so he is 23 years old. Together with his friends, Prevc started ski jumping when he was nine years old. When he was ten, his father signed him up to "SK Triglav Kranj" ski jumping club. In 2015 he jumped 250 meters. This is a world record. So he is a first ski jumper, who reached a jump of 250 meters. His Personal Coach is Janez Grilc and National Coach is Goran Janus.

Peter Prevc was born in Kranj. He lives in a small village Dolenja vas near Škofja Loka. He comes from a large family. He is the oldest of five children. He has got two brothers and two sisters. His brothers and sister are also ski jumpers. He attended the first half of elementary school education in Selca and the second half in Železniki. He continued his education at economy gymnasium in Kranj where he got his high school diploma.

Also this year Peter is reaching very good results. The victory in Engelberg on 19 December was special, since he and his younger brother Domen Prevc both finished on the podium as the first pair of brothers in World Cup history. His brother Domen is only 16 years old.

In January 2016 he won on Four Hills Tournament. This year the Peter's biggest competitors are Severin Freund, Michael Haybock and Kenneth Gangnes.

Every year is also in Slovenia a competition. The best ski jumpers from all over the world come in Planica to jump from very big jumping hill. They jump over 200 meters. This year come in Planica very lot of Slovene people, because they want to see the jump of our best ski jumper Peter Prevc.
